Alexis Lekieffre

Business Development | AI Deployment | French Market

alexislekieffre@outlook.fr | linkedin.com/in/alexis-lekieffre | French, English

Almost three years across executive search and consulting. Consulting taught me how organisations decide and buy, and showed me that my real strength is commercial: talking to decision makers and turning those conversations into pipeline. Now moving into full-time sales to carry a quota in the French market and grow into an Account Executive role. Track record: 13 senior executives sourced and placed through outbound outreach, and a 70% response rate on B2B prospecting. My edge: 25+ AI agents built and ~200 employees trained, so I can talk data and AI with IT and business buyers.

PROFESSIONAL EXPERIENCE

Nexialog Consulting — Paris, France

Strategy Analyst | Corporate Strategy & AI Transformation — *Jan 2025 - Present*

Management consulting in banking and insurance risk (200+ consultants), regulated financial services environment
